

FIRST QUARTERLY NEWSLETTER 2024

<https://anurvana.org>

April 1st, 2024

Dear Anurvana Family

We are happy to present the first newsletter of 2024, marking the beginning of a journey filled with compassion, collaboration, and community engagement. As we embark on this mission together, we are immensely grateful for the unwavering support and dedication of each member of our team, as well as the generous contributions of our donors, friends, and well-wishers.

A New Beginning

We are happy to announce that Anurvana, has officially been registered as an NGO under Section 8 of the Companies Act. and has 80G & 12A. This milestone is a testament to our commitment to making a meaningful difference in the lives of those who need it most.

Challenges We've Faced

Sometimes things don't go as planned. We wanted to start our project in a slum area but during the G20 summit the slum got demolished, and people had to move. Luckily, we found another slum area to start our project.

Theatre For Change

We are also proud to share that we showcased a mesmerizing performance on March 17th, 2024, highlighting the talents and creativity that thrive within our community. Such events not only entertain but also inspire and unite us towards a common goal of positive change.

Collaborations and Achievements

Our journey of impact has already begun, and we are grateful for the fruitful collaborations that have paved the way for meaningful projects. We recently partnered with Mukhlasi to conduct an insightful session on child safety, advocating for the protection and well-being of our youngest members of society. Additionally, our collaboration with Learning By Locals (LBL) has borne fruit as we successfully completed our first project together with LBL students, fostering a spirit of learning and collaboration within our community.

SDG Goals and Our Mission

At Anurvana, we are committed to aligning our efforts with the Sustainable Development Goals (SDGs), particularly focusing on poverty eradication (SDG 1) and quality education (SDG 4). Through our initiatives and projects, we aim to create a more equitable and sustainable future for all members of our community.

Our Programs

- **Theatre for Transformation:** Where real stories ignite change. (Connects the theatre experience to personal and societal growth)
- **Waste to Wonder:** Crafting art from cast-offs. (Emphasizes the creativity and beauty born from recycling)
- **Dreams on Screen:** Community voices, filmed in focus. (Highlights the power of storytelling through film)

Join us to create a better Future

- Becoming a volunteer/intern: Share your skills and knowledge
- Becoming a mentor: Lend your expertise to help develop our programs.
