Full Circle at Kanthari – From Participant to Mentor

2024 brought Aanand back to Kanthari, and what a journey it has been! This time, he returned not as a participant, but with the privilege to give back. He mentored six passionate participants from India, Cameroon, and the DRC, and MCed the vibrant Kanthari Talks. But wait, there's more!

Aanand even showcased hidden talents, modeling, dancing, and even a bit of stand-up comedy. Kanthari has always been about transformation. Being a catalyst for others' journeys felt like a beautiful way for Aanand to complete his own circle. It was an unforgettable experience that reaffirmed his belief in the power of bold dreams.

A New Beginning:

Anurvana means "A New Beginning," and we're thrilled to celebrate our first anniversary on January 16th! We're also excited to announce the upcoming opening of our very own center, right in the heart of the community. Here, children and youth will explore their creativity through drama, music, dance, and the arts. We believe these experiences will profoundly impact their lives, fostering self-expression and building a brighter future.

A visit to ASRA:

Our founder, Aanand Nagvanshi, recently had the incredible honor of being a special guest at ASRA Foundation. He joined Dr. Andreas Hunerwadel, the President of ASF, and his family from Zurich for a memorable event. Together, they engaged with inspiring students, learning about their unique journeys and celebrating the power of hope through captivating performances of dance, music, and poetry. It was a truly uplifting experience for everyone involved.
